

Fort Wayne Children's Zoo
Wild Week

Morning Announcements

Monday

Here's a Wild Fact to help us learn more about the Fort Wayne Children's Zoo's new African Journey exhibit: Did you know that a baby giraffe is 6 feet tall when it's born? That's as tall as a grown man! A baby giraffe can stand and walk just one hour after it's born.

Tuesday

Here's a Wild Fact to help us learn more about the Fort Wayne Children's Zoo's new African Journey exhibit: 350 million people live on the continent of Africa. They belong to about 3,000 different tribes. About 2,000 languages are spoken in Africa. One of the most common languages is Swahili. The word for "hello" in Swahili is "jambo."

Wednesday

Here's a Wild Fact to help us learn more about the Fort Wayne Children's Zoo's new African Journey exhibit: Just like human fingerprints, no two zebras have the same stripes. Their black and white stripes help them hide from predators like lions.

Thursday

Here's a Wild Fact to help us learn more about the Fort Wayne Children's Zoo's new African Journey exhibit: Africa is a BIG continent! It has 53 countries. The Nile River in Africa is the world's longest river. The Sahara Desert in Africa is the world's largest desert.

Friday

Here's a Wild Fact to help us learn more about the Fort Wayne Children's Zoo's new African Journey exhibit: Lions are one of only 4 cats that are able to roar. On the open plains, their awesome roar can be heard up to 5 miles away.
