

LEARNING ABOUT AFRICA

Use a Venn diagram to compare Africa and the US

GRADE 7

KEY WORDS

- Africa
- continent
- nation
- climate

STANDARDS

- SS.7.2.2
- SS.7.2.5
- SS.7.3.6,
- SS.7.3.14

OBJECTIVES

- Students will learn about Africa by comparing it to the United States.

BACKGROUND INFORMATION

- Africa is a continent that straddles the northern and southern hemispheres.
- Climate ranges from dry Saharan desert to dense jungle.
- About fifty nations make up the continent of Africa.

PROCEDURE

- Have students draw a Venn diagram and compare Africa to the United States.

RECOMMENDED ASSESSMENT

- Split students into small groups to discuss results.
