

ON THE MOVE

Identify different animals based on movement

GRADES 1 - 2

MATERIALS

- brown crayon

KEY WORDS

- locomotion

STANDARDS

- SCI.1.3.1
- SCI.2.3.2

OBJECTIVES

- Students will be able to follow instructions to ensure they make the correct markings.
- Students will refine knowledge of shapes.
- Students will be able to use their knowledge of locomotion to identify animals.

BACKGROUND INFORMATION

- Animals move in many different ways. Some of these modes of locomotion include swimming, climbing, crawling, hopping, walking, and flying.

PROCEDURE

- Have students put an X on the animal that hops.
- Have students draw a circle around the animal that swims.
- Have students color the animal that climbs trees brown.
- Have students draw a square around the animal that crawls on the ground.

RECOMMENDED ASSESSMENT

- Ensure the students put the correct markings on the appropriate picture.

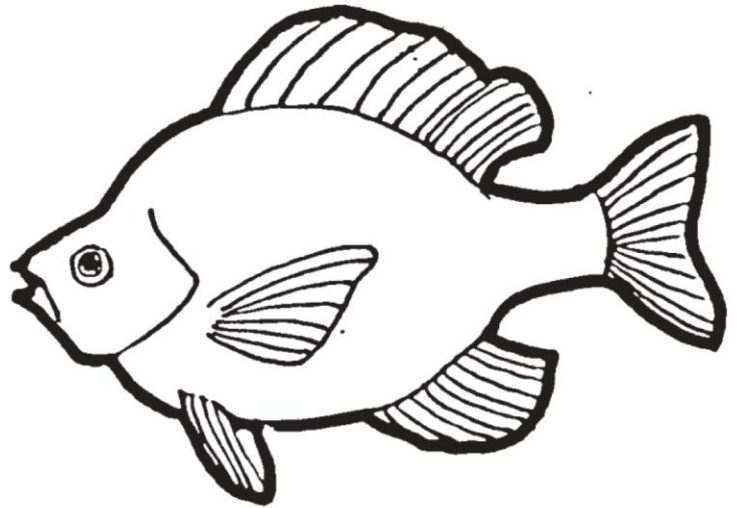

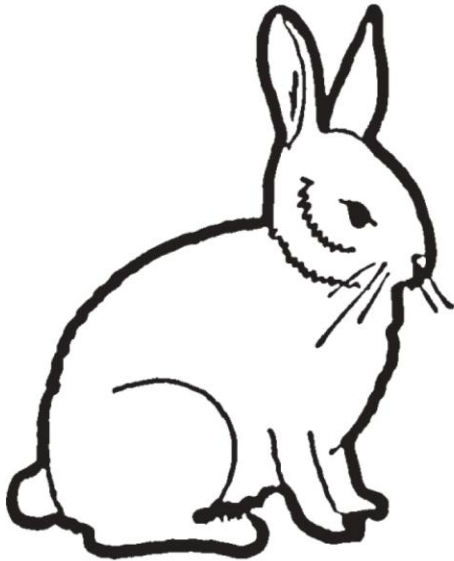

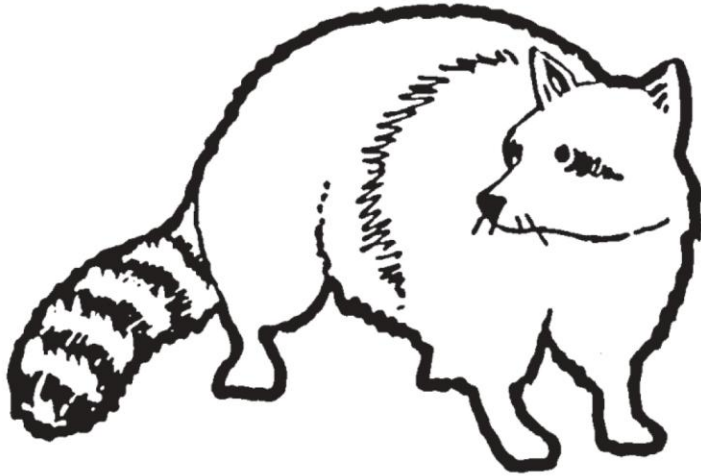

ON THE MOVE

Identify different animals based on movement

Name _____

Put an **X** on the animal that hops.

Draw a circle around the animal that swims.

Color the animal that climbs trees **BROWN**.

Draw a square around the animal that crawls on the ground.
