## What can you do to help?

Use CMZ's mobile shopping app, send it to your friends, share it on Facebook.

Write to RSPO member companies - ask them to use 100% segregated CSPO (certified sustainable palm oil) that is deforestation-free, and to label their products.

Write to your favorite companies and restaurants, ask them to join the RSPO.

**Sustainable Palm Oil Rating System**

Excellent	Good	Needs Improvement
-----------	------	-------------------

Cheyenne Mountain Zoo has developed a rating system for Roundtable on Sustainable Palm Oil (RSPO) member companies. We want to recognize those companies that are doing well and encourage those that need improvement. An RSPO member company is rated on five categories:

- 1) Membership in the RSPO
- 2) Submitting annual reports
- 3) Use of certified sustainable palm oil
- 4) Use of the RSPO logo
- 5) Commitment to being 100% deforestation-free

Companies receive a rating of 'Excellent' (green), 'Good' (yellow), or 'Needs Improvement' (orange). All the companies and their products listed are RSPO members and are moving the palm oil industry toward sustainability. Some are just farther along on their journey to 100% certified sustainable palm oil that is deforestation-free.

For a searchable database of over 7,000 sustainable palm oil products download the free app!
