

PROGRAM GOALS

- ✦ Know different activities and animals that take place on a farm
- ✦ Be able to express an idea without using words

GRADES

K to 2nd

MATERIALS

- ✦ Scissors
- ✦ Bowl

STANDARDS

- ✦ SCI.K.1
- ✦ SCI.K.3
- ✦ SCI.1.3.3
- ✦ SCI.2.4.2

RECOMMENDED ASSESSMENT

- ✦ Ensure that students are not using words or sounds
- ✦ Ensure that they're acting out the skill or animal in an understandable manner

Can You Guess What I'm Doing or Who Am I?

Practice your students' farmer skills as they learn about the Fort Wayne Children's Zoo family farm animals! A farm is used to grow crops and animals. Certain animals are able to help farmers fulfill their responsibilities. See below for a variety of questions to engage your student even further:

- ✦ Have you been to a Farm before?
- ✦ Do you know what animals live on a farm?
- ✦ Do you know the responsibilities of a farmer?
- ✦ What's your favorite animal on the farm?

Cut out the strips with farming skills and animals on them and fold them to put into a bowl. Divide the class into small groups and give each group one slip of paper. Explain to the class what charade is and how they must not use words nor sounds. Give the students time to prepare a skit. Once everyone is ready to present their skit, have one group perform their skit in front of the class. Non-performing students will try to guess what they're doing.

Having a farm is important to everyone because these animals provide food, clothes, activities, and other materials. Be on the lookout for the animals at the zoo! Share your lessons with the Fort Wayne Children's Zoo. Tag #fwkidszoo or email education@kidszoo.org to express how you used these supplemental activities!

Cut out the pieces and fold them. Place them into a bowl for the students to choose from.

Farming Charades

Milking a Cow	Cleaning the barn	Planting seeds
Watering the crops	Saddling a Horse	Making Butter
Gathering eggs from chicken coop	Donkey	Cow
Sheep	Pig	Chicken
Driving a tractor	Feeding Animals	Horse
